

McGraw-Hill SIMnet Canvas Deep Integration Instructor Assignment Deployment

- 1) Log into your Canvas account and navigate to your Canvas course
- 2) Click on the **McGraw-Hill SIMnet** link in the left navigation

The screenshot shows the Canvas LMS interface for a course titled "Thuan SIMnetInst6 Demo". On the left-hand side, there is a vertical navigation menu with various icons and labels: Home, Account, Dashboard, Courses, Calendar, and Inbox. Under the "Courses" section, the "McGraw-Hill SIMnet" link is highlighted with a red box. The main content area shows "Recent Activity in Thuan SIMnetInst6 Demo" with a message stating "No Recent Messages". On the right side, there are buttons for "Unpublish" and "Published", and a "Course Status" section with options like "Choose Home Page", "Course Setup Checklist", and "New Announcement".

- 3) Click the **Integrate** link

The screenshot shows the Canvas LMS interface for the same course, but now with the "McGraw-Hill SIMnet" sub-menu expanded. The "Integrate" link is highlighted with a red box. The sub-menu includes several options: "Edit/Assign" (Manage student enrollment and assignments), "Organize" (Arrange SIMnet assignments and groups and update assignment details), "Integrate" (Deploy SIMnet assignments to the LMS), "Gradebook" (Manage class gradebook and student grades), "Reset Your Access" (Reset Class Pairing), "Reset pairing to unlink this class from the LMS class. You'll have to pair again in order to access SIMnet content.", "Unlink Automatic Sign-in" (Unlink the SIMnet user that is used to automatically sign you into SIMnet from the LMS.), and "Unlink Automatic Sign-in" (Unlink the SIMnet user that is used to automatically sign you into SIMnet from the LMS.).

- The left-hand panel is the list of assignments in your SIMnet class. The right-hand panel shows the Assignment Groups (grading categories) that you have in Canvas. Click and drag the assignments on the left panel into the respective Canvas Assignment Groups in the right panel to deploy the assignments to Canvas.

The screenshot shows the 'SIMnet/LMS Class Integration' interface. On the left, a sidebar lists navigation options like 'Users', 'Classes', and 'Manage'. The main area is divided into two panels. The left panel, 'Available SIMnet Assignments', lists various assignments such as 'Access - Chapter 1 - Creating a Database and Tables' and 'Excel - Chapter 1 - Creating and Editing Workbooks'. A red arrow points from the first assignment in this list to the 'Homework' category in the right panel. The right panel, 'Assignments Integrated with LMS', shows '0 SIMnet assignments have been deployed.' and lists categories: 'Homework', 'Quizzes', and 'Exams'. At the bottom of each panel are buttons for 'Refresh SIMnet Data', 'Expand', and 'Collapse'.

This screenshot shows the same interface after several assignments have been deployed. The 'Available SIMnet Assignments' list on the left is now shorter, starting with 'Access - Chapter 2 - Using Design View, Data Validation, and Relationships'. The 'Assignments Integrated with LMS' panel on the right now shows '6 SIMnet assignments have been deployed.' and lists the following categories and items: 'Homework' (Word - Chapter 1 - Creating and Editing Documents, Excel - Chapter 1 - Creating and Editing Workbooks, Access - Chapter 1 - Creating a Database and Tables, PowerPoint - Chapter 1 - Creating and Editing Presentations), 'Quizzes' (Word 2013 Skills Approach - Ch 1 Challenge Yourself 1.3), and 'Exams' (Word 2016 Exam). The 'Refresh LMS Data' button is now visible at the bottom of the right panel.

- Once you have deployed the assignments in SIMnet, you can go back to Canvas and click the **Assignments** link to verify that the assignments from SIMnet deployed into the respective Canvas Assignment Groups.
